

SMALL FAST PATROL BOAT

PROJECT 12260

project 12260

DESIGNATION

A small fast patrol boat (FPB) is designed for on call actions in the coastal area of territorial seas, in ports and its roadsteads, on lakes and in estuaries of navigable rivers, for quick delivery of inspection teams enforcing navigation rules, transportation of goods regulations or other types of business norms and prescriptions effective within the area in control.

The FPB can also be used as a general service launch or a rescue launch.

BASIC PERFORMANCE

Displacement, t	9.74
Dimensions, m	12.97 x 3.06
Speed, kt	39
Endurance, day	1
Range, nm	300

PROJECT 12260
SMALL FAST PATROL BOAT

MAIN MACHINERY

- 2 x diesels
- 1 x diesel-generator set
- 2 x waterjets

WEAPONS

FIREARM

- 1 x Kalashnikov modernized machine gun

NAVIGATION

- 1 x navigation system
- 1 x magnetic compass

COMMUNICATIONS

- 1 x VHF radio station
- 1 x radar responder
- 1 x COSPAS-SARSAT system emergency buoy
- 2 x portable VHF radio stations
- 1 x internal communications system
